
EDUCATION & SKILLS

UT Arlington, 2017

Bachelor of Fine Arts in Visual Communication Design

August 2024

Certifications

August 2024

Salesforce AI Associate Certified

May 2024

SalesForce Certified

April 2024

AI Product Design Course with Robert Redmond (IBM)

AI for Designers, Interaction Design Foundation with Ioana Teleanu

EXPERIENCE

Senior UX Designer
State Affairs

Oct. 2024 - Present

- Design System & Library Development: Established the first comprehensive library system, creating a structured and scalable approach to design across four platforms.
- Early-Stage Growth Impact: Joined at Series A and contributed to design maturity that supported the company's successful Series B raise, growing valuation from \$5M to \$25M.
- System Governance & Adoption: Established scalable processes and governance models, driving higher adoption and team alignment.
- UI/UX Cohesion & Standardization: Led extensive clean-up and unification efforts, improving consistency, usability, and maintainability across the entire product ecosystem.
- Design-Engineering Alignment: Created documentation and component usage guidelines in Figma and Storybook, streamlining handoff and reducing rework.
- Scalable Product Design: Standardized components, interactions, and workflows to enhance efficiency for both users and internal teams, supporting long-term growth.
- Strategic UX Implementation: Partnered with developers and product teams to optimize user flows, balancing editorial and functional needs with a clean, cohesive experience.
- Cross-Platform Consistency: Extended design standards across web, mobile, and responsive experiences, reducing design and development debt.
- Impact Measurement: Reduced feature design and build time while improving user satisfaction and internal efficiency.
- Acquisition Integration: Redesigned core product areas to absorb features from acquired platforms, balancing legacy user expectations with a cohesive product experience.
- Complex Feature Ownership: Designed end-to-end commenting system originating in 360 Views, now scoping to an MVP rollout across the full product — including data model evaluation in collaboration with engineering.
- Prototype-Driven Design Process: Established an HTML and React prototyping workflow for high-fidelity interactive testing, replacing static specs for complex interaction problems.
- Executive-Facing Product Design: Redesigned the 360 Views feature for a primary executive audience, solving for "what changed and what matters" over exhaustive data display.
- Mobile Web UX: Extended core product experiences to mobile web with thorough interaction design for constrained viewports, including AI chat, real-time change tracking, and navigation hierarchy.

Senior UX Designer
(Freelance)

ARCHER Systems

Oct. 2024 - Oct. 2025

- Design System Modernization: Led the refinement of an existing design system, updating components, interaction patterns, and scalability to ensure consistency across platforms.
- B2B Product Expansion: Designed and integrated new client portal experiences, enabling seamless navigation and expanding functionality within an established product ecosystem.
- AI Experience in UX Design: Developed an AI-powered chat experience, incorporating machine learning-driven interactions to enhance efficiency and streamline user workflows.
- Communication & Collaboration Platforms: Designed a centralized Communications Center, improving user engagement and information management within the legal software environment.
- Software Design Leadership: Executed high-impact UX/UI enhancements across multiple legal software solutions, optimizing usability, accessibility, and overall design cohesion.
- Cross-Functional Collaboration: Worked closely with product teams, developers, and stakeholders to align business goals with user needs, ensuring strategic execution of product updates.

Lead UX/UI Designer
Zeal IT Consultants
Jul. 2022 - Oct. 2024

- Client List: McKesson Corporation, Supplylogix, Lennar Homes, Archer Systems, Bankers Financial Group, Movement Financial.
- Mentorship & Leadership: Provided expert guidance to new designers in UX principles and Figma, fostering skill development and a culture of continuous improvement.
- Educational Initiatives in UI/UX Design: Established the Center of Excellence (COE), leading discussions on UX Maturity and Accessibility through presentations and guest speakers. Created Design Camp, a 14-week internal UX course for developers and product owners, developing curriculum and leading sessions.
- Design Sprints & Workshops: Led multiple design sprints, managing workshops, prototype design, and research interviews, securing funded software development projects.
- UX Research Expertise: Conducted user interviews, surveys, and usability tests to gather insights that directly shaped design decisions and improved product functionality.

EXPERIENCE CONTINUED

CTO & Principle
Designer
DEAD! & Anubis
Publications
Freelance, Present

- Redesigned existing testing website with new branding, updated UI, improved UX features, and in compliance with ADA guidelines.
- Designed a new experience for the website where students can study by playing a game of trivia (Jeopardy!). This experience was designed first for desktop and then for mobile native. This experience included the updated branding
- Redesigned the logo and branding for the company, including fresh marketing materials, guidelines, and digital assets
- Managing finances for services and other employees
- Presents New Features to current and potential clients

Senior UX/UI Designer
Capital One Enterprises
Feb. 2021 - Jul. 2022

- UI/UX Design and Innovation: Enhanced the design and functionality of a SaaS product in the auto-financing sector, transitioning it from a single-task system to a comprehensive multi-lender SaaS product and CRM. Focused on creating interfaces for MVP and scalable future states
- User Research Leadership: Led multiple user research initiatives, from drafting discussion guides to conducting in-depth empathy interviews and synthesizing data. These efforts provided critical insights that informed strategic decisions and were communicated effectively to cross-functional teams
- Strategic Development: Directed the strategic overhaul of B2B software to expand its capabilities, including spearheading the transition to a multi-lender platform and initiating the software's evolution into a SaaS model

CEO & Principle
Designer
Chit Chat Cards
Aug. 2020 - 2022
Personal Startup

- Designed UI and UX for a card-style app, including MVP and planning features for the next major updates
- Worked with development team to implement to the App Store and Google Play store within 6 weeks of final designs
- Created branding and identity guidelines

Web UX/UI Designer
Nimbly Technologies
Jul. 2020 - Aug. 2020
Freelance Work

- Designed a web-facing onboarding experience for new clients of Nimbly to be guided through the web-based Operational Audit Software (SaaS)
- Helped Nimbly become closer to their long-term goal of being fully self-serviced by creating the beginning portion of their "End to End" self-service experience
- Relieved the customer service team from onboarding responsibilities and assistance calls by up to 46%

UX/UI Designer
USAA
Apr. 2019 - Feb. 2021

- Led the UI/UX design and testing for native mobile apps on Android and iOS, and created responsive web pages for desktop and mobile, enhancing user engagement and experience. Successfully directed a significant product launch from concept to soft launch within four months.
- Actively participated in agile environments, collaborating closely with development teams to enhance productivity and ensure alignment with project goals.
- Conducted extensive user research and testing to derive insights that significantly influenced UX decisions for various applications. Additionally, contributed to a major study analyzing the impact of COVID-19 on small business owners and presented the findings to senior leaders.
- Supported the design language system by developing mobile components for both Android and iOS that integrated with web components within brand standards, including providing comprehensive implementation guidance.
- Facilitated design sprints aimed at improving insurance processes, focusing on customization and efficient management of quotes.

Web UX Designer
Rug Doctor
June 2018 - April 2019

- Design and Branding: Spearheaded the creation of web and mobile design mockups, transitioning from wireframes to PSD files for secondary sites, and extended company branding with new logos for products. Developed diverse marketing materials, including posters, brochures, and social media ads for platforms like Facebook and Instagram.
- Print and Media Production: Gained extensive experience in InDesign, handling print preparation for instructional manuals, forms, and guides. Saved the company over \$150,000 by internalizing product photography and video production tasks.
- Project Management and Collaboration: Managed up to seven projects simultaneously under tight deadlines, collaborating effectively with marketing, IT, legal, and operations departments to ensure project alignment and success.
- Skill Enhancement: Broadened expertise across packaging, print, web design, branding identity, and video editing, consistently applying these skills to enhance company branding and operational efficiency.

Graphic Designer
3Di Sign + Design
July 2017 - December
2017

- Developed numerous marketing programs (logos, brochures, newsletters, infographics, presentations, and advertisements) and guaranteed that they exceeded the expectations of our clients
- Managed up to 8 projects or tasks at a given time while under pressure to meet weekly deadlines
- Recommended and consulted with clients on the most appropriate graphic design options based on their overall marketing goals
